Psychology Intern Saved

As a little girl, my father taught me that this is a man's world, that knowledge is power, and that to survive in this world you have to think like a man. I believed my father, but it wasn't until I was about fifteen years old that I purposed in my heart to learn everything that I was taught in school so that I could succeed as a woman in a man's world. Year after year I believed more and more the evolution theory, that abortion is a woman's choice, that birth control is common sense, that homosexuality is an alternative life-style, that premarital sex is normal, and that it is merciful to aid in the killing of the aged but not in the killing of trees, dolphins and the like. By age twenty-six, I firmly believed that the Constitution of the United States was outdated and desperately in need of revising.

I had gone from high school to a community college, to becoming an honor student in one of the top ten universities in the country where I studied clinical psychology. There, I was offered an opportunity to work as an intern in a closed psychiatric ward that housed chronic paranoid schizophrenics. What a challenge, I thought. If only I could help even one of these patients become a productive member of society!

In the psychiatric hospital, one patient often refused to eat and attend group therapy sessions. Instead, he wanted to read the Bible. I did not like the effect that this book had on this patient; it caused him to become antisocial. A few times, this man had to be fed through an IV because he insisted on starving himself for sometimes a few days at a time.

Some patients claimed to see blood dripping down the walls of the ward and feel fire under their feet and inside different parts of their body. Others heard unmentionable words spoken audibly into their ears by an invisible presence. One patient point blank told me that he was being tormented by demons, but how could I believe him? And when I overheard a fellow counselor preaching this very same thing to another patient while behind closed doors, I had no choice but to see that this counselor was fired. He was a traitor to the psychiatric profession since it is taught that schizophrenia is caused by a chemical imbalance in the brain, and not by demons. I did everything in my power to make the patients doubt anything contrary to what I was taught.

But one morning, as I was getting ready for work, I stepped into my bathroom to brush my teeth. Suddenly, this gross, dark, and invisible presence walked into my body, and when I looked into the mirror, I saw Satan's eyes in mine. How I knew it was Satan, I can't explain with words. But I became possessed by him and he led me to my kitchen where I almost set myself on fire. Fortunately, someone rescued me. And from that day forth, I could never again deny that there are truly powers of darkness at work on this earth, entering in and out of people.

I quit my job, I quit college, and began to search. There just had to be a power contrary to that

Dear Sir,

I would like very much to receive some of your literature on your many messages. I would very much like to have more of your testimonies that I may give to the lost souls here in Ft. Worth.

I found one of them being blown on the ground of the public flea market where I sometimes go to sell my little whatnots, etc. While sitting in a chair next to my table, I noticed this white and black paper being tossed with the wind, blow across the yard up against my car tires. So I picked it up, put it into my bag, and brought it home.

It was some weeks later before I decided to read it. Well, read it I did! I couldn't put

it down until I read the whole thing. I wish I had godly words like this to read on a daily basis. Thanks to you in advance. May God ever bless you.

Dear Brother,

I am a regular reader of your Bible literature, and have been listening to your gospel messages and found out that you have gone deeply into the Word of God. I would like to be a member of your church, and would like to receive more literature and gospel messages so that I can learn more about the Lord and your church.

Don and Lisa Thorne with their children; Aaron, Abraham, and Abigail

I would like to know if you have any interest in establishing your church here in Nigeria. I was a member of the Catholic church before I received your literature, and from the gospel message I found out that the way I was going was not right.

I have now been distributing your literature to people, but my dream is to have a branch of your church here in Nigeria, so I would like to know if you have any interest in establishing one.

May God in His infinite mercies be with you all in Jesus' name, Amen.

Yours faithfully,

Dear Brother Alamo,

Greetings from the Christians here in the name of Jesus Christ. Thank you for your prayers and encouragement, along with the literature and cassettes which you sent us. We received an assortment of your messages and may God bless the hard work of your ministry.

In Kenya we have tried to open the minds of Christians who were blinded by the Catholic teachings about the Bible and if you had a chance to visit us you could witness the true salvation our people have received, which has

ninety Christians in each. Therefore, we need to build more churches.

I have dedicated myself to God's work, and I actually have very little time to attend to my own needs.

Just like the Bible says if we seek God's kingdom first, the rest shall be added unto us.

Translating the literature and sending them to people takes time, due to the lack of typing and printing materials. We therefore translate the literature into two languages, Kiswahili and Luo, and then send them to you for printing. We can use hundreds of

these translated messages. We are trying to translate all the literature, so that the Word of God may reach our people rightly divided.

Please send to us your booklet, "The Messiah" along with more literature. Pray for our church and remember to help us, so that we may reach more Kenyans with the Word of God. May God bless you in your work. Thank you.

Dear Pastor Alamo,

To God be the glory, that He has granted you the grace to send me the

Christian literature, as I have requested. I'm very grateful to my Maker for such a wonderful deed through you, in order that I may grow in my Christian life.

By His mercies upon us, I hope you are covered in His precious blood, as I am over here. Through the literature, I was changed and my life renewed, as well as some of my friends. Of a truth, God is really with you.

During the course of reading some of the booklets, I found out that you have encountered so many problems in your ministration, but God is able to deliver you from all those things and has lifted up your feet on higher ground. I know verily that we are serving a living God.

I would like to take this opportunity once again to request some more of your literature, in order to distribute them to many in the country, so they can have a renewal of life as I and some of my friends have. Also, if possible, I would like you to send me any new publications.

I end here with my warm greetings from Ghana to you and your congregation. Hoping to hear favorably from you soon. May the God of all grace be with you and your congregation.

Yours faithfully,

Ghana

Dear Pastor Alamo,

How is life? Hope things are moving on smoothly over there in the Lord Jesus Christ's name. Here in Ghana, by the grace of the Almighty God, we are all enjoying His glory. Thanks be to God. Amen.

Tony, I am a young leader of a Christian fellowship on campus. I am asking for your support through prayers. I borrowed an audio tape from a friend of mine at home and listened to it at church, and we enjoyed every bit of it. Your preachings are powerful, and we hope to have more tapes. Tony, I will be grateful also if you could send us some materials which will enhance our worship. We need materials like a tape recorder, tapes, Bibles, tracts, and pamphlets. We believe that we will become a good and faithful fellowship when we have such materials.

Tony, I promised my fellowship that I was writing to you for your support, and they were all happy and were all forcing me to write to you so that they can have access to some of your materials. We believe in the name of the Lord that all these materials will be sent to us immediately when you receive this letter. We are also

praying to the Lord for you and your fellowship, and that through these materials we can reach the outsiders, and they will give their hearts to the Lord.

I will end here and believe that our request will be taken into consideration. Hope to hear from you soon. Thanks.

Dear Brothers and Sisters at the Alamo Church headquarters,

Thank you for your contribution of tracts to our ministry. Your literature is very helpful to us, and proves to be an invaluable aid in reaching the lost souls in many settlements.

We use your literature for teaching in many churches, and they are grounded in the Word of God. The pastors are very pleased to be teaching from them. I have not yet translated them, but I have distributed them among our pastors.

It pleases us to know that our brother though persecuted has joy unspeakable and full of glory. We can see by Pastor Alamo being put in prison that the gospel is magnified all the more. Satan gets fooled again because our God living in human bodies is victorious and we have the victory in us. We are praying earnestly for Pastor Alamo. Whether or not our God delivers him from that position where He put him, we know that Pastor Alamo has the victory. Praise the Lord!

We send our warm greetings in Jesus' name with an holy kiss. May His grace [the life of God] rest on you all.

Yours in Christ,

Dear Pastor Alamo,

Greetings to you in the name of our Lord Jesus Christ. My aim of writing to you is to ask you to please send me some of your preaching cassettes and tracts to strengthen me in the Lord and help me spiritually understand the Word of God better.

Through your preaching cassettes, many souls have been led to the Lord after they have heard sermons from a man of God through divinely inspired teachings; there are many people here that testify they were saved through your preaching.

Please help us, and send us many more of your cassette tapes and tracts. Great is your reward in Heaven. May God's mercies be with you.

Truly yours,

Praise the Lord!

Thank you so much for the package you sent me containing more of your gospel literature. The Philippines has a big problem. Very few pastors are telling the end-time message which is needed in these last days. I meet other Christians and pastors who ask me why I'm always attacking the motives of the Vatican, so I need your support. I have a big burden to expose the Great Whore of Revelation.

Pastor Alamo, I'm always happy to receive your materials, and since I have been recently converted to Christ, I had very little knowledge, but because of you, Pastor, I'm growing in the knowledge of our Lord and Saviour, because of your many sources of information.

There are many churches in the Philippines that want to affiliate with your ministry. The time is very short. I have a big burden to donate myself to the living God, so please send me more of your tracts and Bibles in the Cebuano language, if you have them. May the Lord bless you all.

Sincerely in Christ,

Dear Brother Alamo,

I humbly greet you in the wonderful name of our Lord and Saviour, Jesus Christ.

I have been receiving literature from your mail department and have translated some into Swahili. I hope that someday it can be printed for us to distribute to our people here.

May God be with you, as He is always. Be bold and have peace in the Lord. The world is always against you because you are carrying a very dangerous weapon to them,

Dear Pastor Tony and very well remembered Brothers and Sisters of the Holy Alamo Christian Church,

In the name of Jesus I'm saluting you, and always praying for all of you, especially for Pastor Tony. You all are beloved of God. Pastor, I'm praying with a lot of faith, because the ministry of the Two Witnesses will be very soon, and I believe you are one of them. I know that they will destroy the cloud of false pastors and preachers who are adorned with precious stones, especially in America.

My beloved wife, Shoshi, always testified of the Lord, and never left off believing that you were her pastor. She went to Israel, and on the fifth day of December 1997, being in Jerusalem, she departed to be with the Messiah. The last six years of her life she testified with me in hospitals. She won many lives to the Lord. She was hated by her family. Her health failed her, she found herself in the hospital dying, but giving thanks to the Lord for her salvation, and that she was able to testify in Hebrew to the sick and the doctors, over whom the Messiah is King of kings.

Beloved Pastor Tony, I'm asking you for your prayers. It's really hard for me to go through this. We were only married for twelve years. Pastor Tony, remember the visions of Joseph, son of Jacob. I'm not trying to preach to you, but those visions and dreams seemed impossible to come to pass, but that's exactly when they were fulfilled. Also, Sarah, it seemed impossible for her to have a child, but it's exactly when she did. The children of Israel were trapped against the Red Sea, but the sea opened up for them. Joseph was in prison where his dreams and visions certainly could not be fulfilled, that's how it seemed, but shortly after, they were. Now that all seems

impossible, that is when it's all going to be fulfilled.

Keep on going, Pastor Tony. Every day I thank God for the sound doctrine you have passed on to me. I will never forsake it. That's the foundation that keeps me still standing, and will take me to that final day. God strengthen and bless you abundantly.

May the church be one with God.

A woman from Little Rock, Arkansas was thrilled to receive the literature entitled *Regeneration*. She said it is just the best and most eye opening, power-filled message she has ever read. She said to tell Pastor Alamo what this message did for her, and to thank him for her. She is going to distribute as many of these as she can, because she wants everyone to read this message.

She said, "You know, I've been yearning for more depth in God, and a spiritual renewal and more dedication to the Lord in my daily walk with Him. The message of *Regeneration* opened my spiritual eyes and woke me up. It instructed me on how I can obtain the things I need in the Lord." She said, "Every Christian needs to read this. It would be the start of a tremendous revival and awakening. This is what we need to get going and get off our back sides, and start getting out there and winning souls while we have the grace period of time to do this." She went on to say, "My pastor needs to read this, and I'm going to make sure he does! Thanks Pastor Alamo. You not only made my day, you made my years of Christianity worthwhile. Now I know what to do and how to do it."

gross darkness that was now in and out of my body. About two weeks later the answer came, when for the first time in my life I opened up a Bible and began to read: "IN THE BEGINNING, GOD CREATED THE HEAVENS AND THE EARTH." Hope sprung up in my heart and tears flowed from my eyes because I believed. Me, an atheist, believed! And God's Holy Spirit bore witness with my spirit that the Bible was the Truth.

I kept reading and reading, and then, God let me know that my soul was filthy and that only by faith in Jesus Christ could I be saved. It did not take long for me to repent before my Maker since I knew I was in gross darkness and desperately wanted out. Instantly, only by faith in a God I could not see, I was made a new creature.

I no longer believe the lies I was taught all my life. There is a definite right and wrong that can never be altered. Evolution is a lie, abortion is murder, homosexuality is an abomination to God, killing the aged is murder, premarital sex is fornication, and sin will send your soul to Hell if you don't repent.

My desire to serve God after He so marvelously rescued me, led me to seek Him through prayer and fasting. Jesus is the One who saved me and was the only One I could trust to show me where to serve Him. With so many deceived people in this world, how could I trust anyone? One thing I did know was that my soul was now clean and I could never go back to what I was before.

I read the Bible, prayed, and fasted for sixteen days. This is when I received a gospel tract written by Tony Alamo. As I read it, something happened. The same tangible Spirit that had revealed to me that in the beginning, God created the Heavens and the earth, was now revealing to me that this man, Tony Alamo, was a servant of God who did not fear to expose Satan's government and church that are leading many to Hell. The more I read, the more I could see Tony Alamo's love for souls. Every word was Truth and it leaped from every angle. I had to call the number on the back of the pamphlet. God, who is faithful, had answered me by showing me where I was to serve Him and who was to be my pastor.

It has been almost six years now that I have been saved and learning the Word of God in the Holy Alamo Christian Ministries. God not only saved me, but provided a place where I could learn of Him and reach souls before it is everlastingly too late. Pastor Tony Alamo receives messages from God daily, and he generously shares those messages with many who hunger and thirst after righteousness. I count it an honor and a privilege as a Spanish-speaking Christian to help translate his messages and gospel literature into Spanish.

God has blessed me so much since I gave my heart to Him and decided to pick up my cross and follow Him. Among the countless blessings, God has given me a God-fearing husband and three beautiful children whom I am bringing up in the fear and admonition of the Lord.

"O taste and see that the LORD is good: blessed is the man that trusteth in Him."
